

14 MAR 1949

Mr. Pierre Rosander

AT

Dear Mr. Rosander:

Thank you for your letters of 28 February and 7 March 1949 outlining cipher systems devised by you. The cipher texts have been forwarded for study.

If, in the analysis of your systems, it is determined that the technique is of special use to the United States I shall be very happy to inform you and request additional data concerning your cryptographic ability.

I wish to commend you for the interest you have shown, and hope that your contribution can be utilized.

Very truly yours,

(Signed) R.H.H. & disp 3/14/49
